Seth Graham

Student at Florida Gulf Coast University
Fort Myers, Florida Area

Summary

Hi! My name is Seth Graham!

I'm a freelance Software Engineer with a plethora of experience in creating customer specified automation and manufacturing solutions based out of Cape Coral, FL. I have serious passion for UI effects and creating intuitive, informative, and dynamic user experiences.

- Résumé -

Mazak Corporation, Florence, KY — Field Service Engineer

September 2014 - PRESENT

- Installed, repaired, and modified Computerized Numerical Control equipment and robotics.
- Made custom solutions tailor-made to suit customers specific needs. E.g. creating custom Programmable Logic Controllers.
- Worked directly with industry leaders such as NASA, Boeing, Lockheed Martin, Caterpillar, Disney, and Mahle.

United States Air Force, U.S.A — Knowledge Operations
Management Craftsman/Client Systems Technician

October 2010 - July 2014

- Resolved computer and peripheral issues. Achieved a 95% first-time fix rate. Enabled communications access with no mission stoppage.
- Performed data management for both classified and non-classified systems. Utilized programs such as Microsoft Sharepoint, Access, Excel, and Outlook.
- Knowledge Operations Manager for the world's largest Expeditionary Operations Group, 9 Squadrons,

1,200 Airmen flying 9,000+ combat missions directly supporting Operation Enduring Freedom.
